A. Required Clearances for Field Experiences

The Commonwealth of Pennsylvania's School Code requires that students in teacher preparation programs have current background checks prior to entering a school building for the purpose of any field experience, classroom observation, practicum experience, and student teaching. Prior to beginning courses at any level, Holy Family University students must upload copies of the following documents to American Data Bank (<http://www.holyfamilycompliance.com>):

- 4 Federal Criminal History Record/Fingerprinting (Act 114)

Students are to retain the originals of all documents in their possession. Documents should be secured in a safe place where they can be easily retrieved when needed. Students should be prepared to produce any of the preceding documents at school or district sites when requested. Each document must be current and up-to-date in accordance with University guidelines. Maintaining current documents will require students to obtain and upload all clearances on a yearly basis.

For additional detailed information on obtaining clearances and submitting them to the Field Placement Office, please consult the Field Placement website, found within the School of Education link at www.HolyFamily.edu. Questions about Holy Family University field experiences and required clearances should be directed to the Field Placement Office (2673413363)
